BATTLEFIELD VISITATION INCREASING

With 199,779 touring the Battlefield during October, visitations so far this year exceed the number throughout the 1963 and have already set a new record for any one year.

Kittredge Wing, National Park superintendent, said this morning's records kept by John Rodgers, chief ranger, show that 2,067,553 persons have visited the field thus far this year, 36,175 more than the 2,031,378 who came here in 1963.

This year and last year mark the only years in which visitation has exceeded the 2,000,000 mark. During November and December 1963—the centennial year for the battle, a total of 114,355 persons toured the field. Thus the visitation by the end of October a year ago was 1,917,203 or 150,530 less than the mark set by this October 31.

MORE VISITORS

Visitation for October exceeded October 1963 by 44,443. Last month the total was 199,779. For same month a year ago it was 155,336.

While visitation generally increased a slight decline was noted in attendance at the Visitor Center. Where in October a year ago 31,878 were counted entering the main entrance, the tally was 29,423 last month, a decline of 2,455.

Meantime increases over the prior month were noted in buses, 396 in October to 197 in September; in campers, 915 last month compared to 615 in the prior month; in horseback riders, 225 compared to 50.

The comparable month by month tourist visitation figures include:

For 1964, January 25,758; February 30,115; March 76,145; April 146,701; May 264,069; June 296,093; July 402,707; August 433,952; September 191,116; October, 199,779. For 1963: January 22,101; February 26,381; March 70,248; April 212,551; May 241,967; June 261,012; July, 404,017; August 343,065; September 178,319; October 155,336.

Ernest Haines Jr. Injured In Crash

Ernest H. Haines Jr., 50, operator of the Fairfield Drug Store and the Silver Dollar Tavern, was injured at 12:30 o'clock Sunday morning in a two-car accident near his home in Waynesboro when the driver of a station wagon attempted to pass the Haines car as it was making a left turn into Main St. Both cars were traveling in the same direction.

Waynesboro police said the station wagon was driven by Ralph M. Avey, 28, also of Waynesboro, who will be charged with reckless driving. Haines was treated at the Waynesboro Hospital for a scalp wound which required three stitches and was discharged. His automobile was demolished when it was pushed into a stone wall.

3 MIGRANTS NABBED AFTER POLICE CHASE

Three migrant workers were placed in jail Sunday after a report of a man shooting a gun in the Dorsey-Stanton American Legion Club led to an auto chase by borough police which ended when the sedan being pursued crashed near the intersection of W. Middle St. and W. Confederate Ave.

Borough police said the men arrested were Manuel Ramos, 27, of the Asper brothers farm, Center Mills; Julio C. Morales, 28, of the Hess brothers farm, Waynesboro, and Juan Martinez, 21, also of the Asper brothers farm.

According to the police report, the officers were called to the W. High St. Legion post at 1 o'clock Sunday morning by James Mauston, manager of the club. A large crowd had gathered outside, police said, but when officers told them to "break it up," the group dispersed.

POLICE GIVE CHASE

An hour later Mauston again called police and said that in the meantime a Puerto Rican had come into the club with a pistol and had fired a shot in the building.

Police again went to the scene. The man who had fired the shot had left the scene but a car, which was described by persons in the area as one being operated by the person who had fired the shot, was parked on W. High, with its motor running.

Police found no one around the car, so they decided to wait. After a time three men got in the car and police gave chase. The chase continued on W. High to W. Middle St. and then westward to the end of the borough. The chased vehicle crashed near the former John Bream residence along the Fairfield Rd. just west of town.

3 FACE CHARGES

Police took all three occupants of the car to the Warner Hospital where Morales was found to be uninjured. Martinez was treated for abrasions of the face and right ring finger. Ramos suffered lacerations of the face and was held at the hospital as a patient until later Sunday when he was released and placed in jail with the other two who had been taken there after charges were filed before Justice of the Peace Robert P. Snyder.

According to the officers' report, Ramos was the driver of the car. He was charged with reckless driving and will face additional charges to be laid later. The other two were charged with disorderly conduct.

Police said they suspect Ramos was the one who did the shooting at the club because of descriptions given of the man, the fact

OCTOBER WAS COLDEST EVER; 6TH DRY MONTH

The chilliest month of October in Gettysburg weather records went into local annals Saturday night and it was also the sixth consecutive month this year with a shortage of rainfall. Records show it was the fifth October in the last seven that has been short on rain.

After a number of individual days had sent cold weather marks during last month, the October averages were so far below normal they have never been closely approached since continuous weather records were begun here in 1903.

Temperatures in the 90s are not unusual here in October but last month's high was 76 degrees. Readings ranged on down to a low of 26 degrees on the morning of October 12.

The daily average reading was 51.71 degrees. Normal for October is 56.1 degrees. That makes the daily shortage of heat 4.39 degrees. The nearest approach to such chilly weather in the past was in 1917 when the average was only three degrees below normal. But "normal" for October back in 1917 was 51.8 degrees indicating there has been a marked warming trend in October of the last 40 years — until the reverse trend began in the last seven years.

The all-time record high for October was a 97-degree reading on October 5, 1941. The lowest ever recorded here in October was 22 degrees on October 29, 1936. Only twice have

She was a member of Trinity United Church of Christ, the Samaritan Shrine, and the Warner Hospital Auxiliary.

She and her husband were married 42 years. Mr. Raffensperger for many years served as trust officer for the Gettysburg National Bank, and has served for many years on the Gettysburg Municipal Authority.

Survivors include her husband; three children: George T. Raffensperger Jr., Harrisburg; Dr. Edgar M. Raffensperger, Ithaca, N.Y.; and Mrs. Ann E. Weikert, Gettysburg; eight grandchildren; two sisters, the Misses Ann M. and Nina J. Merrow, both of Gettysburg, and a brother, Henry Merrow, Pittsburgh.

U.S. Air Base Near Saigon Is Plastered With 100 81 MM Mortar Shells By Reds

By JOHN T. WHEELER

SAIGON, South Viet Nam (AP) — U. S. military sources said today the disastrous Communist attack on the key U.S. installation at Bien Hoa could be repeated at a dozen or more bases in South Viet Nam.

"What's surprising is that the Viet Cong did not strike sooner," an American major at Bien Hoa said. "When it suits them, I am sure they will do it again."

The Viet Cong plastered the base 18 miles northeast of Saigon with 100 81 mm mortar shells just after midnight Saturday, killing 4 Americans and wounding 31. A fifth American was killed a few hours later in another mortar attack about five miles north of Bien Hoa.

AIR BASE TARGET

Some predicted that the sprawling Tan Son Nhut air base in Saigon might be the next Viet Cong target.

The 30-minute attack on Bien

Hoa destroyed or damaged 27 planes, including 20 U.S. Air Force B57 jet bombers. It also killed two Vietnamese and wounded five.

Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, said elaborate measures had been taken to protect aircraft at Bien Hoa and other key bases.

Some U.S. military sources, however, believe that given the security situation in the countryside and the Viet Cong's proven ability in swift night attacks, the Bien Hoa victory could be repeated.

3 BIGGEST BASES

The three biggest bases — Bien Hoa, Saigon, and Danang — have a number of things in common, all favoring the Viet Cong.

Each is surrounded at least in part by countryside where the guerrillas can find good cover.

All Polls Favor Johnson To Win Easily Tuesday But Goldwater Predicts Upset

NEW YORK (AP) — The polls are unanimous. They point to victory for President Johnson Tuesday.

But Sen. Barry Goldwater says he'll win. "I know the polls don't agree with me, but they never have," he said Friday night.

A nationwide Associated Press survey of polls showed figures indicating Johnson's percentage of the popular vote might approximate the 20th century highs.

The 20th century record is Franklin D. Roosevelt's 60.8 per cent of the vote in 1936 against Republican Alf Landon. Republican Warren G. Harding got 60.4 per cent in 1920. Dwight D. Eisenhower got 57.4 per cent in 1956.

Temperatures in the 90s are not unusual here in October but last month's high was 76 degrees. Readings ranged on down to a low of 26 degrees on the morning of October 12.

The daily average reading was 51.71 degrees. Normal for October is 56.1 degrees. That makes the daily shortage of heat 4.39 degrees. WGCT TO GIVE FULL ELECTION NIGHT SERVICE

"WGCT is making final arrangements today for its most complete coverage of a Presidential election," according to officials of the local station.

"This station will be combining the facilities of the Mutual Broadcasting System, Associated Press and our own news-gathering sources in order to offer listeners in this area with a complete and comprehensive report of the 1964 election," P. H. Cunningham, WGCT's general manager, announced this morning.

The local broadcast coverage of the '64 balloting will include two special reports on the election turn-out during the day and complete coverage of the actual returns beginning at 7:35 p.m.

TO STAY TO END

The vast news facilities of the Mutual Broadcasting System, the world's largest network, will be utilized by WGCT to keep its listeners informed on the national picture. Also, during each half-hour, the local station will present a five-minute account of the local election scene.

The 1964 election coverage will be cosponsored by the Dutch Cupboard, Sleighter's Furniture, The McCoy Insurance Agency, Superior Distributors and the Curtis Publishing Company.

WGCT has urged all counties to vote and then "hear their vote count beginning at 7:35 p.m. Tuesday night."

New Reading Program Opens

A cultural heritage reading program has been initiated at Mount St. Mary's College, Emmitsburg, by the college's faculty library committee. The program which is designed to reinforce the college degree programs with a voluntary study of the western culture of man as represented in the literary tradition has tentatively been set up as a four-year program.

Forty major literary works have been selected for inclusion in the program. These works comprise a list providing a sharp central focus on the mainstream of western thought. The list of authors include those not generally studied by the entire student body in regular classes and the subsequent discussions will view man's accomplishments in the western civilization from the past to the present as enunciated by a variety of spokesmen.

This year's program includes: "Genesis" and "Exodus"; Homer's "Iliad and Odyssey"; Virgil's "Aeneid"; the "Book of Job"; "Aeschylus's" "The Oresteia"; "Meditations" by Marcus Aurelius; Cervantes's "Don Quixote"; Tolstoy's "War and Peace"; DeToqueville's "Democracy in America"; Locke's "Treatise on Government"; and Marx-Engels' "The Communist Manifesto."

Rev. Wellman was born in Union City, Pa. He served Churches of the Nazarene in Ohio and West Virginia for 11 years.

Warren's Book

A small shipment of the Warren Commission report on the assassination of former President Kennedy has been received by The Gettysburg Times and those who have placed advanced orders may call for them at The Times newsroom.

FOUR HUNTERS SHOT; 18 FINED IN ROAD BLOCK

The opening day of the small game season in Adams County Saturday provided hunters with an abundance of game, but four young hunters suffered gunshot wounds and 18 others paid a total of \$1,005 in fines as the result of a road check near Littlestown.

Injured were Calvin Bream, 18, Gettysburg R. 3, who suffered injuries to two fingers when a shell exploded; Larry Garland, 18, Littlestown R. 2, who shot himself in the right foot; Spencer Reaver, 17, 545 W. King St., Littlestown, and Raymond Osenkaimer Jr., 17, Philadelphia, who were struck by stray pellets. Reaver in the left forearm and Osenkaimer in the nose. All were treated at the Warner Hospital.

Homer Thrush, game protector for the area, said that pheasants were in abundance, a number of large coveys of quail were seen, rabbits were spotty and there was an overabundance of squirrel.

FINED AT ROAD BLOCK

A road block checking station set up about ¾ mile south of Littlestown on Route 140 helped not only give game protectors a clearer picture of the art of hunting but also led to collection of 18 fines. Most paid fines directly to the game protectors. A few were charged before Littlestown R. 2 Justice of the Peace Mrs. Katherine Gelman.

The road block was based on a letter written by a Baltimore hunter to the Pennsylvania State Game Commission, claiming that in previous years a number of men were violating the law in the southern part of the county. He deplored the poor sportsman.

SAYS BRASS HAD WARNING ON VIET NAM

MILWAUKEE, Wis. (AP) — The Pentagon had a two-day advance warning that its Bien Hoa air base in South Viet Nam was exposed to Communist attack but apparently took no action, says former Vice President Richard M. Nixon.

"Two days before the attack the Pentagon was warned there was danger, but there was no dispersal of the bombers," Nixon told a news conference Sunday night. "They were knocked out on the ground like sitting ducks by mortar fire."

Nixon blamed "too much civilian interference" with the U.S. military commander for the Viet Cong attack which left 4 Americans dead, 36 wounded and 27 aircraft damaged or destroyed.

He called the raid "the worst military disaster since Pearl Harbor," and said it was "a great reflection on the command structure."

In Washington, the Pentagon said there would be no immediate comment on Nixon's statement.

CABINET POST FOR SCRANTON IS PROPOSED

PHILADELPHIA (AP)—Rep. William E. Miller, the Republican Vice Presidential candidate, has suggested Gov. Scranton as a possible member of the cabinet if Sen. Barry Goldwater is elected president Tuesday.

The reference to cabinet appointments came up when Miller, during a news conference Saturday, backed Goldwater's stand that former Vice President Richard M. Nixon would be a leading prospect for appointment as Secretary of State in a GOP administration.

Asked if he had any other recommendations, Miller said he had none for the present, but added: "I will tell you somebody else who wouldn't be available for two years. That would be Bill Scranton."

FRIENDS IN HOUSE

Scranton's term as governor runs through 1966. Miller did not specify what cabinet post he had in mind, nor did he elaborate except to say:

"We were in the House together and we became personal friends. I think he is doing a great job as governor of Pennsylvania and I am very high on him."

Miller campaigned Saturday in Lancaster and Philadelphia, where he closed out his campaign.

New Friction Signs In S. Viet Nam

By MALCOLM W. BROWNE
SAIGON, South Viet Nam (AP) — Potentially dangerous friction appeared to be growing today between South Viet Nam's civilian High National Council and the nation's premier, Maj. Gen. Nguyen Khanh.

Khanh stepped down from the premiership a week ago after nine months of rule. The 17-member council was appointed two months ago to set up the new government.

The council so far has chosen Phan Khac Suu chief of state and Tran Van Huong premier. No Cabinet has been formed.

SEVERED ARM IS SEWED ON AFTER 2 HOURS

OKLAHOMA CITY, Okla. (AP) — A five-surgeon team restored the severed arm of Oklahoma State University basketball player, Bob Swaffar in a six-hour operation at the University of Oklahoma Medical Center.

A university hospital spokesman today termed the re-implantation a success.

"It looks fine," said one physician, "and the patient's general condition is superb."

The hospital spokesman added, however, that it will be a few days before it is known whether the arm will survive.

FREAK ACCIDENT

Swaffar, a 6-foot-9 junior letterman, lost the right arm in a freak accident in Stillwater, Okla., late Sunday night. His arm was caught in a machine used to spin water out of clothes.

The arm was severed about midway between the shoulder and elbow.

Swaffar's roommate, Gary Hassman, also a basketball player, said Swaffar was thrown away from the machine, but his severed arm remained wedged in the machine.

ICED FOR TRIP

University hospital surgeons here praised the fast work of persons in Stillwater who rushed Swaffar to Oklahoma City after emergency treatment. He was in the operating room at University hospital within 2½ hours after the accident.

The severed arm was packed in ice for the 66-mile trip.

FOUR HUNTERS

(Continued from Page 1)
ship and held that it hurt the good sportsman. He suggested a check be made, and Saturday afternoon at 1:30 Game Protector Thrush, aided by a half dozen deputy game protectors, set up the road block on Rt. 140.

WEDNESDAY'S MENU

One result of the check was praise from the game protector for Maryland men in general who hunt in Adams County. Numerous Maryland resident hunters were stopped, and most were found to have done a good job of hunting.

One pickup truck with five men in it drew amazed looks from the game protectors. The five men had shot two ringnecks, but had devoted most of their day to crows. They had 250 crows in the truck, and told game protectors they got more fun out of shooting crows than anything else. They said they shot 3,800 of the birds last year.

For two out-of-state hunters the game protectors had another word — fines totaling \$325. They found four hen birds and a loaded gun in the car, and neither had a nonresident hunter's license.

PAY HEAVY FINE

Three other hunters were stopped in one car. The driver paid a total of \$300 in fines. The bird had 17 cock birds and a hen bird in their car, or 11 over the limit. The fine was \$275 for the 11 cock birds and \$25 for the hen.

Only four out-of-state men were found to be hunting without nonresident licenses. The fines were \$50 each. A total of five hunters was found with hen birds in their possession.

ANGRY WIFE

Thrush had a word of praise for people who reside in the area of the road block, and who permitted the fined hunters to phone their homes to have families bring money for the fines. Some hunters had to remain at the scene until near 9 o'clock Saturday night before relatives arrived to pay the fines to keep the hunters from going to jail. One young wife reportedly was so angry at her husband she told him, after paying the fine, that he "won't be allowed to hunt for six months."

The game protector, while estimating that the county's squirrel population is the largest in years, said few squirrels were found in the cars checked. He explained that the number of squirrels taken the last several years had declined "because I think many hunters have lost a desire to hunt for them. Squirrel hunting takes time and patience, and many hunters have only a few hours in which to do their hunting."

Miss Blatt, Scott Give Bar Pledge

PHILADELPHIA (AP)—Bernard G. Segal, chairman of the Pennsylvania Bar Association's Judiciary Committee, says both candidates for the U.S. Senate from Pennsylvania have pledged to seek guidance from the committee on state nominations for U.S. courts.

Segal announced Sunday that incumbent Sen. Hugh Scott, Republican, and his Democratic opponent, Genevieve Blatt, also pledged to consult with the Judiciary Committee and weigh its recommendations before voting for approval of any Pennsylvania federal court nomination.

The pledge came in an exchange of letters, said Segal.

Dr. Richard Ford was testifying before the Iranian Supreme Criminal Court. Bredin is charged with slaying his wife, Rita, last August.

The trial continues today.

41 PROFESSORS BACKING SCOTT

PHILADELPHIA (AP)—The re-election of Republican Sen. Hugh Scott is being urged by a group of 41 professors at Pennsylvania state colleges who also are supporting President Johnson's re-election over his Republican opponent, Sen. Barry Goldwater.

Most of the professors are Democrats.

A statement released by Norman D. Palmer, of the political science department at the University of Pennsylvania, described Scott as "a tactician of the progressive wing of his party."

The statement said the group admires Scott's record in "the struggle against bigotry in all forms," and joined with colleagues at Yale, Harvard, Columbia and V.I.T. in supporting his campaign for re-election against Democrat Genevieve Blatt.

Ropester Lassoes Deer On Highway

LOS ANGELES (AP) — Rope-trick artist Monte Montana, cruising along the San Diego Freeway Sunday, came across a wild deer loose on the highway.

Also at the scene was Ernest E. Wolfe, who said: "Out of this I'll pull the horse trailer, stepped this guy all dressed up in a Western costume with a lasso in his hand. Boy, was I surprised."

The deer, too, was surprised. Montana snagged it quickly and hustled it off the highway.

Abraham Krise, Esq., entered upon his duties as County Commissioner on Saturday. Ephraim Myers, Esq., retired from the Board. Jacob Eppelman, Esq., is now President. The Board consists of Messrs. Eppelman, March and Krise. J. M. Walter, Esq., has been re-appointed Clerk and E. B. Buehler, Esq., Counsel.

In conformity with the provisions of the enabling Act passed at the last session of Congress, President Lincoln has issued his Proclamation admitting the Territory of Nevada as a State of the Union on an equal footing with the original States. Nevada is thoroughly loyal and will give her three electoral votes to the Union candidates at the Presidential election.

Governor Bradford has proclaimed the new Constitution of Maryland, as adopted, to go into effect today. Maryland is now a FREE STATE. There is great rejoicing amongst the people.

Deserters To Vote: We hear it is intended that some of the Deserters from the Draft of 1862 are to be voted in this County next week. Arrangements will, of course, be made for their arrest. Deserters must purge themselves of their crime and serve the Government before undertaking to control it.

The gallant 21st Pa. Cavalry has been relieved from infantry duty and returned to City Point to be re-mounted as Cavalry. They went to the front after the battle of Spotsylvania with muskets, without a murmur, and behaved most gallantly at Coal Harbor and in repeated minor engagements since, and we are glad that they are now enabled to return to their favorite arm of the service with a well-earned reputation as brave and efficient soldiers.

General Burney died in the delirium of fever: His last words have a political value that should make them a Union war-cry throughout the loyal States. Rising suddenly in his bed, his eyes blazing with the fire that consumed him, he cried with a trumpet voice, "Boys, keep your eyes on that flag!" and fell back dead.

Broomal Broomal The undersigned has reopened his broom factory, opposite the Depot on Carlisle Street, Gettysburg, and is now prepared to accommodate the public in his line. He will either make Brooms on the shares or to order, as may be desired. A stock of Brooms will always be found on hand. Give him a call. S. R. Tipton.

The fire was extinguished by Sunday night's rain.

Today's Talk

WHEN IS MAN OLD?

One is old when one has lost enthusiasm, when one has discarded faith, when one has surrendered to fear, when one has taken up doubt, when one has buried all hope, when one has dropped self-confidence, as a ship does its pilot, and when one has dismissed God.

One is not only old then, but a floundering human upon a sea of lost ports, and no compass with which to guide one to safety.

So long as one can cling to the wonders of youth, glorying and becoming exalted with every returning fall and spring-time, and seeing in every revelation of Nature the undying revelations of beauty and eternity, one never becomes old. Life then merely becomes a repetition of youth, and all its hopes and aspirations. Wonderful as is the spring blossom, with its fragrance and beauty, it cannot surpass the ripeness of the fruit.

In studying the life of a man like Charles Lamb, for example, we may not say that he died a little boy? The reading of his beautiful essay "Dream Children" may well suggest such a statement. Wasn't it Owen Wister in his "Virginian," who suggested that every man carried a baby within his heart? I love that great and inspiring poem by Tennyson, his "Ulysses." What more stirring lines than these:

"How dull it is to pause, to make an end,
To rust unburnished, not to shine in use!
As though to breathe were life!"

That's enthusiasm for you! And no end of it with joy and youth in the saddle. How young one always is — with a battalion of interest, and one in full command! Leonard Merrick, in his amusing book "Conrad in Search of his Youth," said: "A man is young as often as he falls in love!" I would extend this thought beyond sex, however, to life, nature, all beauty, and to God, who is not unkindful of "the sparrow's fall."

TEMPUS FUGIT

How swiftly by the year has flown!
It scarcely seems a month away.
Were horns and whistles being blown
To celebrate the New Year's Day.
Followed the weeks of sleet and snow
And morning heavy-laid with mist,
And now — I can't believe it so!
She's started on her Christmas list.

But yesterday 'twas tulip time!
In rows they blossomed white and red
The hyacinths were at their prime!
Have six months since that spring-time fled?
June followed with its blooms aglow,
Reeds and ponies dew-kissed!
And now — how fast such glories go!
She's started on her Christmas list.

There was the summer, just as long
As all the summers ever known,
Sweet with south winds and wild birds' song
And perfume from the meadows blown;
Then autumn with its trees of gold,
Scarlet and brown and amethyst
And now — the year itself grown old —
She's started on her Christmas list.

Advices Voters To Walk To Polls

SEATTLE, Wash. (AP) — "Walk to the polls," the Rev. Peter S. Raible advised his parishioners at the University Unitarian Church Sunday.

He said the right to cast a ballot in a free nation should be marked by a symbol with meaning, and the ease of auto transportation has given special meaning to pilgrimages on foot.

"We need occasional symbolic acts to remind us that certain small acts have vaster meanings," he said.

COLUMBIA GAS RELAYS FUEL FROM HUMBLE

The largest single purchase of natural gas ever transacted will assure present and potential customers of Columbia Gas System companies an adequate supply of natural gas at prices competitive with other forms of fuel and energy.

That was the highlight of remarks made Sunday by top executives of the Columbia Gas System, Inc., and the Humble Oil and Refining Company at a valve-opening ceremony in Venice, La., a small town near the mouth of the Mississippi River Delta some 72 miles south of New Orleans.

The valve opening started the first of over six trillion cubic feet of natural gas moving north from the Gulf of Mexico and southern Louisiana through the Louisiana to Kentucky pipeline system of Columbia Gulf Transmission Company. Other Columbia System companies will relay the gas from Kentucky to help meet expanding demands for the fuel here and in other parts of a seven-state area.

"I know of no recent development in the gas industry which is more significant than the Columbia contract with Humble," Cecil E. Loomis, chairman of the board of Columbia Gas System, Inc., said at the ceremonies. He added: "I say this because the firm price and supply will assure Columbia's present and potential customers an adequate supply of dependable natural gas at prices competitive with other forms of fuel and energy in the market we serve."

Gas deliveries on the contract between Columbia and Humble will be made at a firm price over the next 23 years. They will total 6.1 trillion cubic feet during the period. That total makes the transaction the largest in the history of the industry. Delivery will be made by Humble from fields located in south Louisiana and offshore south Louisiana.

It is estimated that by 1980 there will be 100 million passenger cars registered in the United States and that they will travel one trillion miles per year.

VOTERS OF THE 19th CONGRESSIONAL DISTRICT:

This is the close of my twelfth political campaign. Never have I been subject to a similar amount of invective, venomous and noxious statements, half truths, distortions and complete fabrications. I have always campaigned on the theory that the salesman who must condemn the other man's product to sell his own has nothing to offer in the first place. I believe responsible citizens resent those who attempt character assassination.

Do residents of the 19th district want a record or a promise? You have a distinct choice. My record of 18 years of public service is an open book all can examine. There have been mistakes (and who hasn't made them) but each has been an honest mistake in judgment. I have consistently placed principle above expediency. This has paid dividends in personal satisfaction that comes when one believes he has made the correct decisions.

I do not believe the federal government is responsible for correcting every economic and social ill.

I believe in a return to constitutional government, fiscal sanity and balanced budgets.

I believe in our free enterprise system and the God-given rights to the individual.

I believe we must take a more firm stand against communism.

I am definitely opposed to the admission of Red China to the U.N.

I am opposed to our drift toward a welfare state, federal bureaucracy and socialism.

The following are some of the more recent bills I have supported: Peace Corps—Elimination of excise taxes—Increased Social Security benefits—Manpower Retraining program — National Defense Education — Water Resources Research—Land and Water Conservation Fund—Wilderness Bill—Voluntary Prayer and Bible Reading in Public Schools.

Nuisance birds are costing you and me millions annually. I have been the leader in securing research funds to find humane ways of reducing the numbers.

York spot on apples is costing producer, processor and consumer millions in this area. I was successful in securing funds for research to determine the cause and cure.

Mine has been a POSITIVE AND RESPONSIBLE record. Tomorrow you will determine whether you want an honest record or an irresponsible promise. That choice is yours.

Last Period Explosion Enables Bullets To Down Lafayette 21-3

An explosive fourth period, starting with a freak play, added the next to the last bolt in Gettysburg College's attempt to nail down its first Middle Atlantic Conference university division championship as Gene Haas' Bullets blasted Lafayette 21-3 Saturday afternoon before 6,000 Founders' Day fans in Easton.

Bogged down for three periods, unable to push the ball across the goal line and trailing by a 3-0 count, Gettysburg started rolling as the fourth quarter got underway.

The Bullets took possession on their own 46 following a Lafayette punt. Three plays later, on key runs by Tony Presogna and Rod Albright, the Bullets were resting on the Leopard 34. Albright then pounced into the line for a four-yard gain. However, when he was hit he fumbled the ball. A Lafayette lineman, in his attempt to gain possession of the loose pigskin, kicked the ball up the 13-yard line where, Ken Snyder, on a downfield blocking assignment, picked up the ball and darted the remaining 13 yards into the end zone for the score. Don Enders added his first of three perfect placements and Gettysburg was back in the lead, 7-3.

WARD GOES OVER

The Bullets had broken the ice and it was just a matter of time as to how many scores could be pushed into the remaining 13:18 minutes. After three unsuccessful downs following the kickoff, Lafayette was again forced to punt and the visitors took over on their 48. Staying on the ground, Albright and Presogna again moved to the Leopard 28. On a second and eight situation, Albright banked up the middle and over the goal line but a clipping penalty pushed the Bullets back to the Lafayette 25. Albright again shook off a trio of tacklers and blasted to the Leopard four for a first down. After a yard loss, Ward rolled to his left and streaked in for the touchdown with 5:52 in the contest.

Lafayette looked as if it might carry the kickoff in for a touchdown. The host club moved the ball from its 23 to the Gettysburg 32, but quarterback George Hosenlopp lost four yards, fumbled and Gettysburg's guard Bill Brooks recovered. On the first play from scrimmage, Ward slanted off the left side and streaked 21 yards to the Lafayette 43. On the second play he hit hard for a loss, but a personal foul again the Leopards placed the ball on the 30. Albright went for 15, but a back in motion penalty sent the ball back to the 35. On a reverse, with Ward handing off to Albright, the bullet fullback spun around flipped a lateral back to Ward who in turn zipped an aerial to the open Ken Snyder on the two and there was no problem walking in for the final score. The game ended 54 seconds later.

MUFF OPPORTUNITIES

The Bullets had plenty of scoring opportunities throughout the entire game but were unable to capitalize. In the first period, the first time it got its hands on the ball, Gettysburg advanced the ball from its own 19 to the Lafayette nine but lost out on downs. Before the quarter ended, the Bullets were back on the Leopard seven, but a fumble stopped the march.

The second frame saw Gettysburg move late in the half to the Lafayette 10 but time ran out. During the same quarter, the Leopards threatened twice, advancing to the Gettysburg 17 and 28, but lost the ball on downs and an interception, respectively. The half ended in a scoreless deadlock.

Early in the third period, Ward flipped a pass out in the flat, but Lafayette's Bob Gombos was waiting for it and returned the interception 51 yards to the Gettysburg nine before being brought down by Ward. The Bullets' defense, which was strong all afternoon, holding the Leopards to 66 yards rushing, kept the opponents on their own nine for three plays. On the fourth down, with Hosenlopp holding on the 15, Bill Horvath sent an angle placement through the uprights and pushed Lafayette to a 3-0 lead.

The Bullets again drove twice into Lafayette territory, advancing to the 32 and 15, respectively, but both drives were stopped with interceptions in the end zone.

Over the last year and a half, Gettysburg's passing game has

been setting new school records and Saturday's contest saw one more mark fall by the wayside. Flanker Ken Snyder, who has jumped to a substantial lead in the receiving department, pulled down his seventh touchdown pass of the year to end the old mark established by end Don Eckert back in 1949 when quarterback Ross Sachs was throwing the pigskin. With two games remaining Jim Ward is well on his way to on his way to breaking several other marks held by such former stars as Sachs, Frank Gagliardi and Earl Little.

Saturday's victory assured the Bullets of at least a tie for the MAC championship since Bucknell handed Temple a 31-28 setback the same afternoon. The Bullets are 5-0 in conference play and will meet the Owls in two weeks to close out the season. Gettysburg has now produced six victories during the current season compared to one setback. Lafayette is 0-5 overall and 0-4 in the MAC.

The Bullets will journey to Huntington next Saturday to meet the Indians of Juniata.

GORDIE HOWE TIES RECORD

By THE ASSOCIATED PRESS
It was the night after Halloween and ghosts were rattling all over the Detroit Olympia where the National Hockey League Red Wings extended their unbeaten streak to six games beating Toronto 4-2.

Two long-time adversaries, Dickie Moore of the Maple Leafs and Ted Lindsay of the Red Wings held a rather unfriendly reunion and Gordie Howe celebrated the occasion by rewriting another line in the NHL record book.

Lindsay, making a comeback after sitting out four seasons, and Moore, back after one year off the ice, didn't take long to renew acquaintances. They touched off a first-period explosion in which Lindsay drew two minors and a misconduct penalty and Moore got a minor and misconduct.

Pit Martin, who scored Detroit's first goal while killing a penalty, suffered the most serious injury of the night when he was cut by Leaf defenseman Carl Brewer in the third period. It took 40 stitches to close the wound in Martin's forehead.

Red Raiders Lose Season's Final

The St. Francis Xavier School football team closed a winless season Sunday afternoon in losing a Parochial League game to Paradise 35-0 at McSherrystown.

The Red Raiders lost six straight in the league as well as a non-league game.

IRISH HEADING FOR 1ST TITLE IN 15 YEARS

By DICK COUCH
Associated Press Sports Writer
Scratch the Pretzel Bowl people from a long list of bird-dogs courting Notre Dame's bowl-shy college football powerhouse — and count just about everyone else in.

The Pretzel Bowl is history. Albright having twisted Moravian 40-0 Saturday in the 14th renewal at Reading, Pa., but the big doings aren't too far off. Unbeaten Notre Dame has become the top target for a post-season commitment despite the long-standing no-bowl policy at South Bend.

The rags-to-riches Irish, runner-up to Ohio State in last week's Associated Press poll, shipwrecked Navy 40-4 Saturday while the Buckeyes barely held off Iowa 21-19.

WILLING FOR PLAYOFF

As a result, Coach Ara Parseghian's explosive team, led by passer John Huarte, pass-catching Jack Snow and a bruising defense is challenging for its first national championship since 1949.

Notre Dame has indicated a willingness to decide the title in a post-season playoff similar to last year's Texas-Navy showdown. The Sugar Bowl committee, among others, is eager to arrange such a meeting. First, however, the Irish must get by Pitt (next Saturday), Michigan State, Iowa and Southern California.

Ohio State, dueling surprising Purdue for the Big Ten crown and a Rose Bowl berth, kept its slate clean by stopping Iowa star Gary Snook's bid for a tying two-point conversion in the final seconds. The Buckeyes and Notre Dame each have won six straight.

ILLINOIS BEATEN

The Boiler-makers knocked off defending champion Illinois 26-14, matching Ohio State's 4-0 conference record. Michigan, 3-1, stayed in the running with a 35-0 runaway over Northwestern. The Nov. 21 meeting of Ohio State and Michigan could decide the race.

Stanford's 10-8 upset of seventh-ranked Oregon — on Braden Beck's last-minute field goal — and Washington's 14-13 decision over Southern California put the other Rose Bowl spot up for grabs. Six Pacific Athletic Conference teams have a shot, with Oregon State the current leader at 2-0 after trimming Washington State 24-7.

Oregon has only ten representative to stumble but Nebraska and Louisiana State, Nos. 5, 6 and 9, had close calls.

LSU NIPS OLD MISS

The Cornhuskers, candidates for a return trip to the Orange Bowl, beat Missouri 9-0 after being blanked for three periods. Ernie Koy's second-period touchdown gave Texas a 7-0 verdict over lightly regarded Southern Methodist as 'k' kept the once-beaten Longhorns' Southwest Conference title hopes alive. Fourth-ranked Arkansas, the league leader, drubbed Texas A&M 17-0. SWC provides the Cotton Bowl host.

LSU came from behind to nip Mississippi 11-10 in a South-eastern Conference thriller. The Tigers, 5-0-1, pulled it out in the closing minutes on Doug Morneau's great catch of a two-point conversion pass.

SEC leader Alabama, No. 3 in the nation, topped Mississippi State 23-6 "chind reserve" quarterback Steve Sloan, and Florida, No. 10 blanked Auburn 14-0.

Freshmen Bow To Mercersburg

The Gettysburg College Freshmen soccer team suffered its fourth loss in as many outings this season as Mercersburg Academy capped a 2-1 verdict Saturday afternoon on the winner's field.

Coach Bill Barriga's Little Bullets will attempt to hit the win column in their last engagement of the season when they entertain the same Mercersburg team next Saturday morning in a 10 o'clock contest.

VANCOUVER, B.C. (AP) — The British Columbia Lions won their second straight Western Conference title in the Canadian Football League Sunday by defeating the Winnipeg Blue Bombers 26-4.

G-BURG ADDS 4TH SOCCER VICTORY 2-1

A balanced attack performing almost without error permitted the Gettysburg College soccer team to post its fourth victory of the season as the Bullets topped Lafayette 2-1 here Saturday afternoon.

Sophomore Don Ardinger opened fire at the 12:10 mark of the second period and Gettysburg in front with a goal from the left side. After both teams battled up and down the field in the third period and most of the fourth without results, Gettysburg annexed its second goal with 9:30 minutes to go in the game. This time another sophomore, Bob Ehrhart, drove up the middle and rammed a shot into the nets.

Lafayette tallied its lone point exactly two minutes after Gettysburg's final score. Ivo Vooch rifled a shot from the left unassisted.

Tom Petrone pulled down eight saves for the Bullets while the Leopards' Bill Stedman accounted for 14. Gettysburg took a total of 17 shots while Lafayette was held to seven attempts at the Bullets goal.

Coach John Loose's Orange and Blue are 4-6 on the season and will journey to Carlisle on Wednesday to tangle with Dickinson. The loss was Lafayette's third in eight games.

JIMMY BROWN SETS RECORD AS BROWNS WIN

By MURRAY CHASS
Associated Press Sports Writer
Lenny Moore doesn't have any damaged ribs, a bad appendix or a head injury.

But he does have 13 touchdowns in eight games and is helping lead the Baltimore Colts toward the Western Conference title in the National Football League.

Jimmy Brown has something, too — a football first. The Cleveland ace became the first man in history to gain more than 10,000 yards on the ground in the Browns' 30-17 victory over Pittsburgh Sunday.

ROMP FOR COLTS

While Brown rambled for 149 yards, Moore gained only 40. Two of his runs, though, went for touchdowns in the Colts' 37-7 romp over San Francisco.

The touchdown runs of two and five yards increased Moore's league-leading point total to 78 and extended the nine-year veteran's scoring streak to 10 games.

Moore, who will be 31 later this month, didn't do too much scoring last year. In fact, he didn't do much of anything. Bad ribs kept him out of three pre-season games, an emergency appendectomy benched him for the first two contests of the regular season and a head injury knocked him out of the last five.

GIANTS SURPRISE

His touchdowns Sunday helped the Colts maintain their 1½-game lead in the West with their seventh straight victory.

In other games, New York surprised St. Louis 34-17, Detroit thumped Los Angeles 37-17, Dallas whipped Chicago 24-10, Green Bay trampled Minnesota 42-13 and Washington defeated Philadelphia 21-10.

The Colts built a 23-0 lead before the 49ers scored on John Brodie's two-yard pass to Dave Parks in the fourth quarter. Baltimore tallied the first time it had the ball, Johnny Unitas tossing 20 yards to Ray Berry for the touchdown.

Brown was the workhorse for the Browns as they opened a two-game lead in the Eastern Conference. He carried the ball 23 times and increased his career rushing total to 10,135 yards.

THREE FOR GROZA

Lou Groza kicked three field goals for the Browns while Ernie Green ran for touchdowns of seven and 13 yards.

Y. A. Tittle brought the sagging Giants to life, throwing four touchdown passes. Three of the aerials went to rookies, two to Ernie Wheelwright and one to Steve Thurlow. The victory, New York's second in eight games, seriously hampered the Cardinals' chances of overtaking the Browns.

Harrison Wins Title At Reno

RENO, Nev. (AP)—The news of the eighth annual National Seniors Golf Championship this year is the same as it has been for the past three years:

E. J. (Dutch) Harrison, a cool veteran pro from Ellenville, Mo., won the tournament.

Accomplishing a feat no golfer before him had pulled off, Harrison won his fourth consecutive Senior Golf Tournament Saturday on the 72nd green by sinking a 12-foot putt that was worth \$2,500 to him.

A hooked pressure shot on the final hole of the 72-hole \$35,000 tournament cost pro Harry Umbinetti of North Bend, Wash., the tournament.

The ball went into a lake and cost Umbinetti a stroke.

PITTSBURGH, BOSTON BOW IN COAST LOOP

By THE ASSOCIATED PRESS
The Boston Sweepers missed a chance to clinch at least a tie for first place in the Atlantic Coast Football League's Northern Division and the Pittsburgh Valley Ironmen missed a chance to stay right in the thick of things in the South.

Those were the highlights of a weekend that saw Jersey City and Newark remain tied for the lead in the Southern section, although Jersey, 9-1, has an advantage since the Bears, 9-1-1, have played one more game and tied it.

BOW TO REBELS

Pittsburgh Valley lost important ground, bowing to the rapidly improving Richmond Rebels, 34-21. Richmond is unbeaten in its last five games.

Boston was upended by third-place Hartford, 28-10.

The Hazleton franchise made its debut as the Scranton pros and took a 48-12 walloping from Atlanta.

MIDGETS END PERFECT YEAR

The Gettysburg Midgets wound up an unbeaten season by registering a decisive 34-12 victory over Frederick Sunday afternoon at the Recreation Park.

It was the fourth win in as many starts for the local outfit who were coached during the season by Bob Davies and Marlin Fisel.

Gettysburg rolled up a 34-0 lead before Frederick managed to score twice against the local reserves.

The reserve game originally scheduled was called off when Frederick appeared with only its varsity squad.

Taking part in the game for Gettysburg were: Ends—Ayre, Danek, Cullion, Hill, Waddell; tackles—Briggs, McIlhenny, Melot; guards—Greenwalt, Forney, Naugle, Newman, Smith; center—C. Hinkle; backs—Maitland, Muselman, Cline, Bergdale, Stanton, Strickland, Hamilton, Heckman, Prez.

GIANT TACKLE HURT

NEW YORK (AP) — John Lovetere, right defensive tackle for the New York Giants, may be lost for the season due to a torn ligament in his right knee suffered in the final minutes of Sunday's National Football League game with the St. Louis Cardinals.

Lovetere was carried off the field and taken to St. Elizabeth's Hospital.

Roger Leclero's 12-yard field goal gave Chicago a 3-0 lead in the first quarter, but Dallas went ahead to stay later in the period on Don Perkins' two-yard smash. Don Meredith threw for one Cowboy touchdown and scored another himself.

BILLS REMAIN ALONE ON LIST OF UNBEATEN

By MIKE RATHET
Associated Press Sports Writer

High above War Memorial Stadium in Buffalo, on the metal skeleton that eventually will provide extra seats, the ironworkers' union has draped a sign that says:

"Bring on the NFL."

Nobody's about to, but comparisons have been emerging in American Football League circles as the Bills remain the only undefeated team in either pro league.

"We wouldn't be embarrassed," said Coach Lou Saban, whose Bills whipped Houston 24-10 for their eighth victory. "The mark of a good team is one that can make mistakes and come back. We've been doing that."

COME FROM BEHIND

The Bills came from behind again Sunday, overcoming a 10-7 lead with a 17-point fourth quarter as reserve quarterback Darryle Lamonia added his running ability to a ground-oriented attack led by veteran Cookie Gilchrist and rookie Bobby Smith.

The triumph opened the Bills' lead in the Eastern Division to 2½ games over the Boston Patriots, who are 5-2-1 after losing to the New York Jets 35-14. It also overshadowed some outstanding one-man performances put on at San Diego and Kansas City.

6 TD PASSES

Lance Alworth was the key man for San Diego, grabbing touchdown passes of 76 and 47 yards and latching on to eight in all for 203 yards in a 31-17 victory over Oakland that kept the Chargers in first place in the Western sector with a 5-2-1 record.

Lenny Dawson passed for six touchdowns for Kansas City and Abner Haynes gained 197 running and passing in 14 plays as the Chiefs defeated Denver 49-39.

But probably the top show was put on by Houston's George Blanda, who attempted 68 passes and completed 37 — both league records — for 393 yards in a bid to upset the Bills. But only one went for a touchdown.

JURGENSEN IS GLAD HE BEAT EAGLES 21-10

By RALPH BERNSTEIN
Associated Press Sports Writer

PHILADELPHIA (AP) — "People in Philadelphia don't look with too much favor on me. The feeling is mutual."

Sonny Jurgensen, the Washington Redskins' quarterback was getting a little pent-up emotion off his chest after leading the National Football League Skins to a 21-10 victory over the Philadelphia Eagles Sunday.

Jurgensen was traded to Washington by Philadelphia Coach Joe Kuharich shortly after the latter took over here last spring. Washington quarterback Norm Snead came to the Eagles in one of the most discussed deals of the NFL during off season.

WINS SECOND TIME

After topping the Eagles for the second time — the Skins won 35-20 in Washington last month — Jurgensen asked sports writers:

"Anyone talked with Joe Kuharich lately?"
And he added:
"No one I'd rather beat than the Eagles."

Actually, neither Jurgensen nor Snead was any ball of fire as the Redskins boosted their record to 3-5 and the Eagles leveled at 4-4 in the eastern conference. Jurgensen completed 7 of 18 passes for 141 yards and had one intercepted. Snead connected with 12 of 29 for 116 yards and had two stolen.

PLAYED IT SAFE

Jurgensen, who threw five touchdown passes in the first meeting with the Eagles, actually didn't have to do much firing Sunday.

"I played it cautious in the second half," said Jurgensen. "He's a good quarterback. It's just a case of who is having a good day. This is a game of 40 men against 40 men, not Snead vs. Jurgensen. I wish Norman well, except against us."

As for the fans, they booed both quarterbacks lustily.

Scotland Seizes Breaks Enroute To 32-7 Verdict Over Bermudian Springs

Scotland capitalized on a fumbled punt, a penalty and two key pass interceptions by Ron Ryan enroute to a 32-7 victory over Bermudian Springs on Saturday afternoon at Scotland before a homecoming crowd of 1,000. Actually the game was not as lopsided as the score might indicate and the Eagles deserved a better fate. Coach Tom Shreiner's grid-ers outplayed the Cadets in several departments, including first downs, passing and total offense, but the Cadets broke the game

Saudi Arabia's King Dethroned By Brother

DAMASCUS, Syria (AP) — Saudi Arabia's King Saud was dethroned today and his brother, Crown Prince Faisal, was proclaimed king of the oil-rich desert state, Mecca Radio announced.

Information Minister Jamil Al Juailan read a statement over Mecca Radio saying Cabinet ministers and religious consultative council, in joint session this morning, approved the dethronement of Saud, 62, and the proclamation of Faisal, 58, as the third monarch of Saudi Arabia.

The broadcast announced after the minister's statement that Faisal had accepted the decision.

The broadcast said nothing about Saud's future plans, but reports circulating in the Arab world the past few days said the ailing ex-monarch, who had been king since his father's death in 1933, may go to live somewhere in Europe.

Reports of the impending change had swept the Arab world for several days in the wake of meetings of princes and religious leaders in Saudi Arabia.

Faisal was real ruler of the country since ailing King Saud was forced from power in late 1962.

IN ILL HEALTH

According to reports in Beirut and Cairo, Saud's health has deteriorated gravely in the past few months, so that fears have been felt for his survival. In this situation, to avoid any new power struggle between factions in Saudi Arabia, Faisal was urged to take the throne.

Informants in Beirut, who recently returned from Saudi Arabia said ailing Saud will be free to keep his royal allowance and go to a European capital, possibly Vienna.

If he wishes to remain in Saudi Arabia, he will be permitted to do so, they added, but with almost no contact with anyone.

ACCEPTS DECISION

The broadcast said nothing about Saud's future plans, but reports circulating in the Arab world the past few days said the ailing ex-monarch, who had been king since his father's death in 1933, may go to live somewhere in Europe.

PILOT TO GET HERO'S BURIAL

HOUSTON, Tex. (AP) — A hero's burial will be accorded astronaut Theodore C. Freeman Wednesday in Arlington National Cemetery following services Tuesday at Seabrook, Tex., near here.

Freeman, 34, a former Air Force test pilot, was killed Saturday when his T38 jet crashed on a routine training flight.

Freeman leaves the widow, Faith Freeman and daughter Faith Huntington Freeman and his parents, Mr. and Mrs. John Freeman of Lewes, Del.

Air Force investigators planned to move the plane wreckage to a hangar for reconstruction to determine the cause of the crash of the supersonic wing-craft.

There was speculation the plane collided with a flight of geese while landing at nearby Ellington Air Force Base.

EXPECT REDS TO REPEAT ITS HARD ATTACK

By JOHN M. HIGHTOWER

AP Special Correspondent

WASHINGTON (AP) — The Communist raid on a U.S. air base near Saigon early Sunday has stirred up new talk here of enlarging the war in South Vietnam.

U.S. officials said today that events seem to be moving toward a confrontation between the United States and Communist North Vietnam, backed by Red China, on the issue of security and peace in Southeast Asia.

URGENT SOON

The whole situation seems certain to get urgent attention from President Johnson and his top military and diplomatic advisers in the weeks following Tuesday's presidential election.

Officially, the course the war actually takes in the weeks ahead will depend primarily on decisions to be made by North Vietnam and Red China.

If the Communists decide to step up their support for the Viet Cong forces in South Vietnam, these officials said, there is every prospect of very serious trouble ahead.

If they choose not to increase their efforts, it was said, the United States probably will follow about the same basic policy it has in the past — that is, supporting within South Vietnam the efforts of that country's leaders to gain the upper hand in the long struggle with the Viet Cong rebels.

POLICY MAKERS MEET

President Johnson met Sunday with Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara and other policy makers and experts on the Southeast Asia situation.

The principal concrete action announced after the meeting was that the aircraft which were destroyed by the raid on Bien Hoa airfield near Saigon had been replaced.

Officially, it was virtually ruled out any immediate retaliatory action against the Reds by U.S. forces. They said this was an incident within the war in South Vietnam and not comparable to the North Vietnamese torpedo-boat attack on U.S. destroyers patrolling in the Gulf of Tonkin last August. In that case the United States made destructive retaliatory air strikes on ordnance bases in North Vietnam.

DELAYED STRIKE

Some officials here speculated that the Viet Cong attack on the airfield may have been a U.S. assault on the torpedo-boat bases. The airplanes which were destroyed had been "on duty" in Bien Hoa following the Tonkin Gulf affair.

Other possible elements in the timing, cited here, were the fact that this is the anniversary of the overthrow a year ago of the Diem regime and it is also a time when the South Vietnamese are forming a new civilian government which U.S. authorities hope will intensify the struggle against the Viet Cong. Washington authorities said that there was no evidence indicating any link in timing between the raid and the U.S. election in which the South Vietnamese war has been a controversial issue.

MEXICO CITY (AP) — Adlai E. Stevenson, U.S. ambassador to the United Nations, left Mexico City for Chile today, but bad weather forced his plane to return to the Mexican capital.

PRESIDENT OF BANK IS JAILED AS EMBEZZLER

By VALENTINE, Neb. (AP)

Banker Richard Davenport, free under \$50,000 bond, was going back to his office today to help auditors untangle records of the State Bank of Valentine. County Atty. Richard Splittler said the figuring was expected to turn up manipulation, involving as much as \$4 million.

Splittler, who filed an embezzlement charge against the 45-year-old bank president, said actual loss was not expected to exceed \$1.5 million.

The bank is the largest of two in the Cherry County community of about 3,000 population, hub of Nebraska's most extensive ranching and cattle feeding area.

IN STATE HANDS

The bank was taken over by the state Thursday. The next day a state charge of embezzlement was lodged against Davenport, one of Valentine's most respected citizens.

Two federal counts of making false entries were filed against Davenport in U.S. District Court in Omaha.

Splittler quoted Davenport as saying he manipulated the books by increasing the amount of loans applied for by borrowers.

The county attorney said Davenport told him a borrower would sign a note, leaving the amount to be filled in. Davenport would make the amount larger than it actually was, Splittler said.

In Great Britain, the amount a candidate may spend on his campaign for office is severely controlled by law, about \$2,000 for each candidate. The idea is to obviate personal wealth as an advantage.

CRITIC TIRED BY FLOOD OF POLITICS ON TV

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP) — It has been a long rocky road to the voting booths. And after this final rugged weekend I'm still undecided. I don't know whether I'm for Chet or Walter, for David or Howard, for Edward or Eric.

I do know, however, that like a lot of other voters-to-be I am eye- and ear-weary after eight weeks of campaigns and listening to political oratory in news shows and paid political broadcasts. The repetition got me down. I am also weary of the networks' constant promotion of their upcoming election night coverage.

The 1960 presidential year had excitement and drama for television viewers, largely because of the so-called "great debates." There seems to be a general feeling this political season that our campaign periods are just too long — for candidates and voters.

Trade rumors persist that CBS is on the verge of some drastic activity relating to some of its expensive dramatic shows which are having audience troubles.

Two of them — "The Reporter" and "Mr. Broadway," the creative children of Jerome Weidman and Garson Kanin respectively — continue to limp along with silly clichés of stories.

Friday night's "Reporter," was a routine retread about exposing a fake charity. "Mr. Broadway" on Saturday told a predictable tale about the glamorous, temperamental actress who throws things when irked. Even Tammy Grimes couldn't do much for the script.

Recommended tonight: "The Andy Williams Show," NBC, 9-10 EST — with Fred MacMurray as guest star; "Slattery's People," CBS, 10-11 — Richard Crenna as a young state lawmaker confronted with an adoption problem.

IN COLLEGE PLAY

Miss Linda Ealy, daughter of Mr. and Mrs. A. G. Ealy, Littlestown, is a member of the cast of "The Innocents," a dramatic adaptation of Henry James' story, "The Turn of the Screw," being staged by Arion, the Keuka College (Keuka Park, N. Y.) dramatic society.

CARBAUGH RITES HELD

The funeral of Mrs. John B. Carbaugh, 79, New Oxford R. 1, who died at her home last Wednesday morning, was held Saturday morning from the Fred F. Feiser Funeral Home in New Oxford. There was a Requiem Mass at 10 o'clock at St. Mary's Catholic Church with the Rev. Fr. Alexius Arnold officiating. Interment was made in St. Mary's Church Cemetery. The grandsons served as the pallbearers: Donald Elvine, Robert and William Parr, Wayne Sponseller, John Groft and Ronald Groft.

Susie Welshone, "Blackie"; Mary L. Robert, "Dutchess."

Senior Girl Scouts who took part in the third selection weekend Saturday and Sunday to determine the girls who will attend the 1965 Senior Girl Scout roundup near Coeur D'Alene, Idaho, are shown with the adult volunteers who served as the committee for the encampment. Front row, left to right, are Dabra Winters, Mary Hoover, Diane Aucter, Pam Moore, Marie DiGiammarino, Marie Hoffman, Margaret Althoff and Linda Lauffer; second row, Mrs. Edwin Strite, Susan Hess, Cynthia Leckner, Patricia George, Regina Hickinger, Marjorie Newman, Margaret Bittinger, Sally Bangs, Mathilda Horst and Mrs. Croston Lockbaum; third row (standing), Miss Grace Myers, Lucille Moore, Virginia McCormick, Joan Miller, Beverly Howland, Mary Pysor, Lois Lockbaum, Victoria Ohler, Alesia Alexander, Mary McCoy, Linda Strite, Elizabeth Buchanan, Mrs. Arthur Phil.

Woman, 68, Shoots 25-Year-Old Man

HARRISBURG (AP) — Harrisburg police reported that a 68-year-old woman shot a 25-year-old man to death Sunday night in front of her home.

They said the woman, Miss Hazel L. Hipple, told them she shot the victim, William R. Shields, Harrisburg, with a .32 caliber pistol after he grabbed her pocketbook as she prepared to enter her home.

The woman had a permit to carry the weapon, they said.

Miss Hipple told police she carried the gun because a man attempted to snatch her purse several years ago.

CRIPPLED GIRL WILL GO HOME FOR CHRISTMAS

BOSTON (AP) — Seven-year-old Maria Elena Jijon of Quito, Ecuador — born with a crippling deformity and orphaned by tragedy — today has a big smile that was a long time coming.

A doctor at Massachusetts General Hospital told Mar: she will be home by Christmas and, better still, she'll be able to walk and run like other children.

Dark eyes flashing, Maria turned to her guardian-uncle, Luis del Camp, of Quito, and agreed with him that "No hay mal que por bien no venga."

There is no evil from which good does not come.

DONATED SERVICES

Several doctors, headed by Dr. J. Drennan Lowell, assistant in orthopedic surgery at the hospital, donated their services for two operations that corrected the dislocation of both hips with which Maria was born.

Three prominent Bostonians, touched by the child's deformity and the loss of her parents in a Boston hotel fire, raised \$12,000 to pay other medical costs.

Insurance executive George Swartz said any money left will go for Maria's education.

Her uncle said Maria Elena's father had scrimped and saved to take her to Florida for two operations four years ago. But the hips did not stay in the sockets.

PARENTS DIED IN FIRE

After raising more money, said Del Campo, Fabian Jijon, 39, and his wife, Lola, 34, brought their only daughter, to Boston. For 10 days the three lived in the Sherry Biltmore Hotel while Maria underwent daily tests at Massachusetts General.

On the 11th day, the child was admitted for surgery. That evening — March 28, 1963 — Mr. and Mrs. Jijon died in the fire, which also killed two others.

Swartz said he read about the tragedy and "I immediately got on the telephone to solicit financial help."

Another indication of a fall cooling trend here is the fact that September of this year was cool and the third consecutive September with lower than normal temperatures.

YEAR 8 INCHES SHORT

Measurable amounts of rain fell on eight days last month and totaled only 1.4 inches, less than half the normal 3.31 inches. October of last year was drier. It was the only month in local weather annals that did not receive any measurable rain.

The total rainfall for the first 10 months here is 27.48 inches and that is 7.96 inches below normal.

A year ago, the situation was more critical for in the first 10 months the shortage was about 13 inches. Last year ended 11 1/2 inches short of normal rainfall.

The year 1962 was close to five inches short of normal and 1961 was almost two inches short. This year's drought comes on top of those accumulated shortages.

TWO HUNTERS DIE, SEVERAL HURT IN PENNA.

By THE ASSOCIATED PRESS

Pennsylvania's small game hunters were afield for the second time today, sobered by the loss of two lives and the serious injury of several other persons throughout the Commonwealth in opening day accidents Saturday.

From one-half to three-quarters of a million Pennsylvanians were estimated to have turned out under cool and sunny skies Saturday.

Killed in shooting accidents were Charles L. Price, 52, Wampum, in Lawrence County, and Sylvester Dennis, 31, Saegertown in Crawford County.

CRAWLING THRU FENCE

Authorities said Price apparently was crawling through a barbed wire fence when his .12 gauge shotgun became snagged and discharged, striking him fatally in the chest.

Game Protector David Titus said Dennis was killed when shot by a juvenile member of his party who apparently mistook the victim for wild game.

In another accident, Fred C. Vivallo, Jr., 15, of Swissdale, in Clinton County, was taken to Williamsport Hospital after being shot in the lower back by a hunting companion. The boy's condition now is considered "serious."

A total of 92 accidents was reported throughout the state.

BIG THROG SATURDAY

A survey by the Game Commission showed that the opening day turnout was between 15 and 20 per cent higher than last year, when the season opened in mid-week because of a drought-triggered hunting ban.

The commission said the highest reported kill was by squirrel hunters, with ring-neck pheasant and ruffed grouse also increased from last year.

Turkey and quail kills were about the same as 1963, while cottontail rabbit was down 15 per cent, the commission said.

A continuation of dry weather this week may cause a reassessment by the Department of Forests and Waters as to possible burning and/or hunting bans. The state continues to be dangerously dry, a department spokesman indicated.

FRANCIS WORLEY ANSWERS A LAST-MINUTE SMEAR

In his recent advertisements Fred G. Klunk is flaunting before the voters the fact that he has made at the public expense the tidy fortune of well over \$100,000.00 (one hundred thousand dollars) from his job-holding on the state payroll.

However, in addition to parading before the public the fortune that he has made, Mr. Klunk in his advertisements has again shown his lack of understanding of government.

1) He states that Francis Worley's pension will be increased if he is elected. This statement is not quite true.

The truth is that Francis Worley's pension will stop completely the minute that he takes office.

2) Furthermore, in his advertisements Fred G. Klunk has resorted to downright falsehood. He states that serving two further years in the Assembly will increase Francis Worley's monthly pension by \$105.

This statement is completely false.

The State Employees' Retirement Board has confirmed that the monthly increase would be only \$44 (that is \$50 minus 12 1/2 %).

Vatican Council Will Proclaim Two Decrees Before Closing Nov. 21

By BENNET M. BOLTON

VATICAN CITY (AP) — The Vatican Ecumenical Council is reported ready to proclaim two major decrees before it recesses Nov. 21 even if its declarations on the Jews and on religious liberty cannot be made ready by then.

Council sources said the three weeks remaining before the session ends probably would be insufficient to complete revision and voting on the two brief declarations.

The documents which Pope Paul VI and the Roman Catholic bishops are expected to promulgate are the schema on ecumenism — Christian unity — three chapters long, and the schema on the nature of the Church, which runs eight chapters.

NO DELAY

The Jewish and religious liberty declarations have been handled as annexes to the ecumenism schema which has been voted and accepted chapter by chapter. The sources felt it unlikely that its final promulgation would be delayed until the next council session — which may not come until 1966 — for the sake of the yet unvoted declarations.

It appears that the two declarations will end up as separate documents, their importance thus perhaps heightened even if adoption is delayed.

Both the declaration on the Jews and the declaration on religious liberty caused trouble when the council debated them a month ago as annexes to the ecumenism schema.

NO PRESENT LINK

The Jewish declaration, formerly a chapter within the schema on unity, had been reworded between the 1963 and 1964 council sessions. A statement exonerating Jews from blame for the Crucifixion was replaced by one saying only that Jews of today could not be linked with the events of Christ's execution.

Many bishops, including prominent American prelates, argued the council must absolve Jews from any notion of decide. Other council fathers, especially from the Middle East, said that too strong a statement could cause trouble for Catholicism in Arab nations.

ONLY TOLERANCE

The debate on the religious liberty declaration centered on whether all men have the right to worship God according to the dictates of their conscience.

Progressive prelates argued they do. Conservatives said persons who hold erroneous religious beliefs, are worthy only of tolerance.

70 MILLION EXPECTED TO VOTE TUESDAY

By JACK BELL

WASHINGTON (AP) — The long, strident election campaign comes to a close today with every indicator of a computerized, poll-conscious era pointing toward victory for President Johnson.

In 27 hours of elapsed time, beginning at 12:01 a.m. EST Tuesday in some New England towns and winding up with the closing of polls in western Alaska, some 70 million Americans will choose a president, 25 governors, 435 House members and 35 senators.

Although he made no predictions on the extent of the victory he confidently expects, President Johnson obviously hoped he would roll up more than the century's record 60.8 per cent of the vote registered for Franklin D. Roosevelt in 1936. This would give him a massive victory in the 538-vote Electoral College.

PREDICTS UPSET

GOP presidential nominee Barry Goldwater was predicting the "upset of the century" would make him the winner despite the poll indicators against any such result. Privately his aides were conceding only Massachusetts, Connecticut, Rhode Island, Alaska and Hawaii to President Johnson.

Aides of Johnson said they had given up only on Mississippi and Alabama. They believe they have a chance to carry every other state, including Johnson's native Texas and Goldwater's native Arizona.

The two standard bearers make final televised bids for votes tonight.

ON AIR TONIGHT

The President and his running mate, Sen. Hubert H. Humphrey, will appear on a pre-taped program arranged for 10:30 p.m. EST on the NBC network.

Goldwater and his running mate, Rep. William E. Miller, will appear on a pre-taped 9:30-10 p.m. EST program to be carried by CBS.

Johnson heads for Texas this afternoon for election eve campaigning in Houston, Pasadena and Austin. Then he will fly with his family to their Johnson City home to await Tuesday's returns.

BARRY IN ARIZONA

Goldwater, battling to win vital California, speaks today in San Francisco. Tonight he ends his vote-hunting travels in the little Arizona town of Fredonia, where he wound up both of his Senate campaigns. Then he flies to Phoenix to spend Election Day with his family at their home overlooking the Arizona desert.

Reds Let Elderly Pensioners See Families In W. Germany

By HANS NEUERBOURG

FRANKFURT, Germany (AP) — The Communists for the first time let large numbers of East Germans visit the West today for tearful reunions with relatives. The visitors are old persons who no longer work.

The first group of pensioners arrived by train in central Germany from Leipzig shortly after midnight. During the next year as many as 3.2 million of them are expected to enter West Germany in the largest East-West crossing since the Iron Curtain came down at the end of World War II.

ULBRICHT APPROVED

East German Communist leader Walter Ulbricht approved "Operation Oldster" last August in an apparent bid to improve relations with the Lutheran Church, which reportedly suggested the visits. The East German press hailed the arrangement as proof of the Communist regime's "humanitarian attitude."

The pensioners, men over 65 and women over 60, had permission to remain in the West a month. The Red regime did not appear concerned over the possibility of defections, presumably because the old people are no longer a factor in East German production.

WILL GIVE ASYLUM

Previously, elderly East Germans were permitted to leave only if they renounced their pension payments. Now if they defect they can get West German pensions. West German officials said all who wanted it would be given asylum, but no official effort would be made to get any to defect.

Residents at Wolsburg, the first train stop in West Germany, greeted the tired but happy travelers from Leipzig. Red Cross nurses gave them refreshments.

Meanwhile, hundreds of thousands of West Berliners are going through the wall to visit relatives in the Soviet sector of divided Berlin. Nearly 100,000 with the necessary permits made the crossing Sunday.

The Communists opened the wall last Friday for the second time since it was erected in 1961. It will remain open until Nov. 12 in the first of four visiting periods during the next year.

Private automobiles are used by 64 per cent of employed persons to get to work.

13 Glue Sniffers Are Rounded Up

FALLSINGTON, Pa. (AP) —

Nineteen boys and girls aged 8 to 13 have been placed in custody of their parents to await action by Bucks County juvenile authorities after being rounded up by Falls Township police who said they were members of a "glue-sniffers gang."

Police Chief Franklin Kirby said over the weekend the youngsters told him they poured the glue into a small paper bag and took turns holding the bag to their noses. He quoted the youngsters as saying the fumes from the glue exhilarated them and made them forget what they were doing.

\$100,000 EXPLOSION

FOLSOM, Pa. (AP) — An explosion and fire Sunday wrecked two buildings and damaged four others in a shopping center here. Fire officials estimated damage at \$100,000. Cause of the blast was undetermined.

William Moore, of Folsom, a baker, was admitted to Taylor Hospital with glass cuts and other injuries.

World consumption of paper over the past 10 years has grown from 58 million tons to 97 million tons.

The choice is between decision and drift. Remember during eight years under city dominated Democratic administrations Pennsylvania drifted into economic decline, high unemployment, deficits and a nearly defunct Unemployment Compensation Fund. REPUBLICAN~DEMOCRAT

By WALTER R. MEARS
PHOENIX, Ariz. (AP) — Sen. Barry Goldwater, hunting votes and luck, charged today that the "sheer incompetence" of Democratic strategists has set the U.S.-backed war on communism in South Viet Nam on the brink of disaster.

The Republican nominee for the White House chose his campaign inaugural as the last major address of his race against President Johnson, offering anew in San Francisco the same words he uttered two months ago in Prescott, Ariz.

Goldwater fired off a statement in Phoenix demanding a "full and immediate explanation" from the Johnson administration of the Communist bombardment that killed four Americans and wounded 20 while destroying six jet bombers early Sunday.

EXPLANATION DUE
"This administration owes every American an explanation," the Arizona senator said. "And it owes the cause of freedom a full accounting for its dereliction of duty in Viet Nam."

Later today, Goldwater planned a good luck visit to Fredonia, Ariz., a butte country hamlet on the Utah border. He explained that he wound up his two winning Senate campaigns there and said conservatives believe in relying on the lessons of the past to shape the future.

Dealing with the Communist attack Sunday on the airfield 15 miles from Saigon, Goldwater declared:

"I charge that the attack against our aircraft resulted because of sheer incompetence on the part of the political soldiers who have been running and ruining the show in Viet Nam."

Britain Will Start Service To Berlin

WASHINGTON (AP) — President Johnson, confident the country "will choose the leadership of the Democratic party" in Tuesday's balloting, heads today for his native Texas to wind up his campaign.

He scheduled three speeches at Houston and a finale at Austin.

Then, accompanied by Mrs. Johnson and their daughters, Lynda Bird and Luci Baines, the President will go to his Johnson City ranch — to wait.

The Democratic National Committee also planned a final NBC television program at 10 p.m. EST tonight in which Johnson and Sen. Hubert H. Humphrey, his running mate, will make last-minute appeals for votes. Committee aides said the program was pre-recorded.

HAD BUSY DAY

The President put in a busy day at the White House Sunday after an early morning return from New York where he told a huge, cheering audience at Madison Square Garden that he will win. He said Americans are rejecting "extremism in the pursuit of the presidency."

After attending church, the President met for 75 minutes with Secretary of Defense Robert S. McNamara, Secretary of State Dean Rusk and other top aides on the situation in South Viet Nam. They discussed means of tightening defenses against Communist guerrilla mortar attacks like the one that hit the Bien Hoa airfield near Saigon early Sunday.

POLICE BATTLE PEP PILL RAGE IN TEEN-AGERS

By FRANK S. JOSEPH

CHICAGO (AP) — Narcotics trafficking among teen-agers, long a nationwide problem, is getting out of hand in the Chicago area, a police official said today.

Teen-agers from all social and economic levels, but predominantly Caucasian, are using "bennies and Christmas trees" for kicks, Lt. Cornelius Casey said in an interview.

Casey, commander of the narcotics section, said amphetamine sulphate "pep pills" — bennies — and brightly colored barbiturate capsules — Christmas trees — are sold, by and to teen-agers, for 10 to 25 cents per pill.

Doctors prescribe amphetamines as stimulants and appetite reducers, and barbiturates as tranquilizers and sleep inducers.

BRING VIOLENCE

Casey cited two recent cases. One involved a 22-year-old man who attacked three policemen, hauling two down a flight of steps. He admitted using pills. The other concerned a 20-year-old girl who said she

U. S. Cargo Plane Ditched In Strait

TAIPEI, Formosa (AP) — A U.S. cargo plane from the Philippines with two pilots aboard developed engine trouble Sunday and the pilots ditched it in the Formosa Strait about 15 miles south of the Pescadore Islands.

The U.S. Taiwan Defense Command said Chinese Nationalist and U.S. search planes located the pilots and a ship picked them up unhurt less than three hours after they ditched.

walked the streets to support an amphetamine habit started by her sister and brother-in-law, who sold her pills once her habit was formed.

Casey said his unit makes 500 narcotics arrests per year in the 17-to-20 age group and that "a good portion" involve victims of pills.

"You can't tell what the teenage user is likely to do," Casey said. "They take three or four at a time, and they take them only for one reason — to get high."

Casey said barbiturates are more dangerous to the user because an overdose can kill. Casey said the danger of amphetamines is that they promote aggressive, antisocial behavior.

Casey said the drugs are too easy to obtain, and claimed some pharmacists sell pills without prescriptions.

SEES BENEFITS FROM NEW BILL

HARRISBURG (AP) — A state official claimed over the weekend the Pennsylvania's revised Unemployment Compensation Law was benefiting both the Commonwealth's economy and its unemployed.

Jack B. Brown, director of the Bureau of Employment Security, which administers the UC program, claimed the revisions have resulted in "increased benefits for the unemployed, restoration of the UC fund to fiscal solvency and new jobs."

Brown accused the Pennsylvania AFL-CIO of "misforming the public" about the effects of the new law pressed vigorously by the Scranton administration.

Organized labor repeatedly has claimed that the new law, signed in March, stripped qualified applicants from the list of eligibles and reduced benefits for many of those remaining.

Brown accused the AFL-CIO of "concocting percentages and drawing a new set of rash conclusions" in presenting its arguments during the election campaign.

GREGORY PECK IN NEW YORK FOR NEW FILM

By BOB THOMAS
AP Movie-TV Writer
NEW YORK (AP) — A middle-aged gentleman walked up to Gregory Peck in Central Park Zoo and commented, "You look 10 years younger in person than you do on the screen."

It was a remark that might have sent a more vain actor into a tizzy. Peck merely turned on the grin that crinkles the right side of his face and replied, "I AM 10 years younger than I am on the screen."

CALM ACTOR

Nothing much perturbs Greg Peck. He was happily starting his new movie, "Mirage," which happened to be shooting East Side, West Side and all around the town. At the moment, he was doing a scene with his co-star, Diane Baker, beside the pool of California seals in the zoo.

Traffic continued humming up and down nearby 5th Ave. Troops of first-graders marched two-by-two on their visit to the zoo; one was heard to shout "Hey, lookie — they're shootin' a TV show!" The seals were lured into camera range by donations of fish, and director Edward Dmytryk ordered the camera to roll.

Peck's performance was letter-perfect, as might have been expected of a pro who has been nothing but a star in his two decades in films. After the scene he came over for a chat, and I suggested he might be enjoying a bit of nostalgia to be back in the city where his career began.

"I never have any nostalgia," he remarked, straight faced. "A little sherry now and then, perhaps."

Still, I persisted, inquiring about the circumstances of his arrival in the big town as a lean, raw-boned young man fresh from the University of California campus at Berkeley.

RECALLS FIRST VISIT
"It was in 1939," he reminisced, "and I arrived in New York with \$195. That wouldn't last very long, so I started looking for a job. My only lead was a friend of a friend who was a big money man in Wall Street."

"I went down to his office and presented my letter of introduction. My friend had suggested that this man might have a job for me at the World's Fair."

"Yes, 'believe I do have some investment at the fair,' he said, and he rifled through his portfolio and came across something called meteor race. He sent me out there, and I got a job as a Barker, trying to induce people into the auto-racing show. My salary was \$25 a week."

"I did that for a month and then got a job as a tour guide in Rockefeller Center for \$40 a week. My work was to herd people through the buildings and give them all kinds of facts and figures. If someone asked me how much the Radio City Music Hall weighed, I had the answer."

"I stayed on that job for the rest of the summer, and then I got a position at the Neighborhood Playhouse, where I studied under Sanford Meisner. I was really a method actor, though we called it the Stanislavski system then."

From the playhouse he started heading upward, and his direction has never changed. His local address: the Waldorf Towers.

A Lovelier You

COSMETICS TAKE THE PLUNGE. A lovely writes: When I wear low necklines, I feel self-conscious about the dark freckles on my chest. Is there a smudge-proof cosmetic that would cover the problem? I've tried several but they rubbed off on my dresses. And that looks worse than freckles.

The Answer: Freckles and similar discolorations can be toned down, if not completely covered, with several cosmetics. Water proof, matte make-up gives satisfactory performance, if it is applied in the merest film and buffed with a terry towel when dry. To prevent a patchwork effect, it should be used on the face.

Another cosmetic suited to the purpose is make-up blender. This is a powdery liquid of powder base you choose to use on the

face. It is smoothed on with cotton, allowed to set and then buffed. It will not rub off, but has to be washed off.

Some heavy-duty cake make-ups and opaque creams are workable when set with finishing powder. Their coverage is perfect but, unless you need it for the face, use is impractical.

There is wisdom in trying out of those suggestions on a day when you wear a washable blouse. That way, you can make sure

of the no-smudge factor.

As a final note, methinks special cosmetics for the throat and chest are on the way. What with fashion's plunge necklines, almost every lovely needs a toning product. At least!

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The safest day for driving a car is Tuesday. One in five Americans killed or hurt in a traffic accident is a victim of Saturday driving. The second most dangerous day is Sunday.

Science has found that a hummingbird beats its wings only about 55 times a second while feeding, but up to 200 times a second while courting.

Ever hear of the spinster's prayer? It goes like this: "Dear Lord, please answer my prayer. It's not for me, but for another. Please send a son-in-law—to my mother."

3 BILLION SECRETS

If you've got a secret, don't tell it to the federal government. Uncle Sam already has enough of his own to keep. His agencies

are reported to have on file some three billion secret or restricted documents.

A third of all families in the 18-to-24 age bracket buy a car every year, but four out of five are used cars.

Quotable notables: "Life was meant to be lived, and curiosity must be kept alive. One must never, for whatever reason, turn his back on life" — Eleanor Roosevelt.

4,500 FEMALE CABBIES

The only person our astronauts may meet when they land on the moon may be earth's first murderer. An Italian legend holds that the biblical character Cain, as punishment for killing his brother Abel, was doomed to wander friendless forever on the moon.

Of some 175,000 taxi drivers and professional chauffeurs, more than 4,500 are women.

Can you name a U.S. First Lady who wasn't born on this continent? She was Mrs. John Quincy Adams, wife of the sixth American president. Her birthplace was London — Feb. 12, 1775. As hostess, she improved the White House table by serv-

ing choice foods and rare wines. Insurance companies say obesity threatens the longevity of 10 per cent of men between 20 and 30 years old, 20 per cent of those in their 30s, and a third of those in the 40-69 group.

CHINESE WISDOM

Folklore: According to a Chinese belief, a child who teethes early will grow up to eat his parents, but if he gets his teeth late he will support them in their old age. The Chinese also believe that one isn't mature until 40, and shouldn't speak his mind in the presence of the wise before that time.

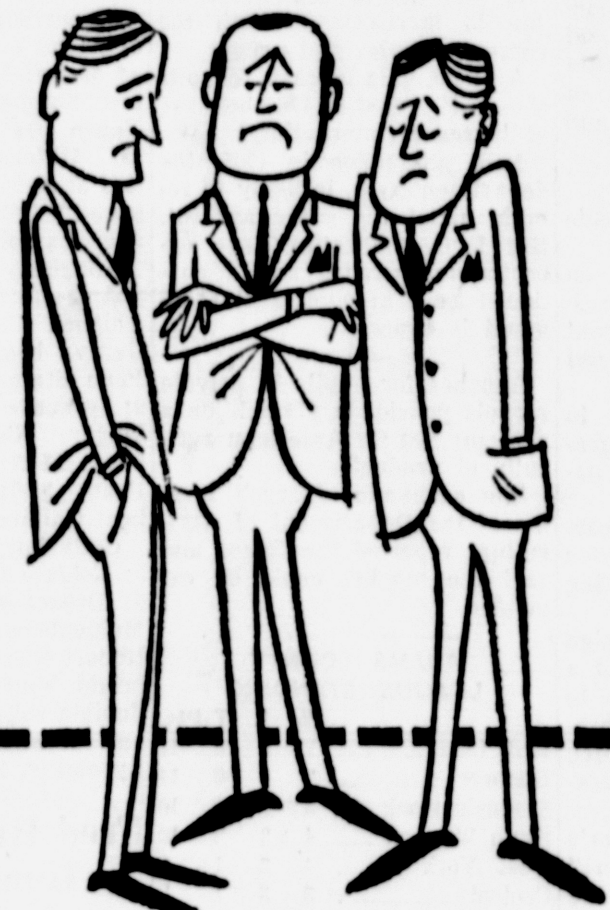

Quickies: Farmers are almost twice as likely to get arthritis as city dwellers. Germans and Irish are the world's greatest potato eaters. Indians along the Amazon River can catch fish with their hands. Americans are now buying a million paperback books a day.

It was Robert Frost who observed, "Happiness makes up in height what it lacks in length."

A thousand more individual campsites will be constructed in national parks during 1964.

Passenger In Debt, Shot Two Pilots And 44 Lost Life In Crash Last May

WASHINGTON (AP) — A fellow passenger and three crew members, he died in the crash near San Ramon — only 21 miles from the Oakland Airport. The plane was bound from Reno, Nev., to San Francisco.

The CAB said Gonzales bought a revolver and ammunition on the evening of May 6, showed the gun to numerous friends, told one of them he intended to shoot himself, told others he would die May 6 or 7. It also said he bought insurance policies at the airport. Their total: \$105,000.

Last Aug. 6 a new rule went into effect requiring that the door separating the passenger cabin from the crew cabin on all scheduled airlines be kept locked during flight.

In reporting today on its investigation of the tragedy, the CAB said that its crash experts, working with the Federal Bureau of Investigation, had concluded that the probable cause of the May 7 crash was "the shooting of the captain and the first officer by a passenger," Francisco Gonzales, 27.

Gonzales was a native of the Philippines who was working for a San Francisco department store. Along with his 40

other passengers and three crew members, he died in the crash near San Ramon — only 21 miles from the Oakland Airport. The plane was bound from Reno, Nev., to San Francisco.

WILL EXPORT MORE CATTLE DURING 1965

WASHINGTON (AP) — Continued high levels of beef and cattle exports to Europe are expected in 1965, Secretary of Agriculture O. E. Auer said today.

Particularly in demand for the export business, he said, will be feeder cattle and veal calves.

The favorable export forecast was based on continued high demand for meat in western Europe coupled with short supplies in most producing countries other than the United States.

More cash receipts reported that cash receipts of farmers from sales of milk and cream are expected to hit a new high of nearly \$5 billion in 1964 compared with \$4.8 billion last year.

It said the estimated rise is due to increases in both the volume of sales and prices.

A slight gain in cash receipts also is expected in 1965 because of increased marketings.

Milk production in 1965, the department said, is likely to remain about the same as 1964. But farm marketings are expected to increase and a continued gain in commercial demand is expected.

Lunches for pupils in private schools provide a \$75 million a year market for American agricultural products.

The economic research service of the Department of Agriculture reported the figure and said the market could be expanded.

BUCKNELL U. WINS IN LAST TWO MINUTES

By THE ASSOCIATED PRESS
In football, a minute can be a long time. Even a second can be too long a time, if you lose.

Ask Temple. Ask East Stroudsburg.

Temple was leading Bucknell 28-20 with two minutes left in the game. Then the Bisons drove 57 yards in eight plays with Bill Lerro scoring from 1 yard out. Lerro threw a two-point conversion pass to Ron Kinsey and the score was tied at 28-28. A minute later Don Lenhard intercepted a Temple pass and Mike Seigfried kicked a 42-yard field goal to give the Bisons a 31-28 victory.

SUSQUEHANNA LOSES
East Stroudsburg and Cortland, N.Y., State were tied 14-14. With 37 seconds left Cortland took the ball on its own 11 yard line and drove to the East Stroudsburg 20. With one second left, Jim Perrott, kicking into the wind, booted a 30-yard field goal for a 17-14 victory. It was East Stroudsburg's first loss against six victories.

Susquehanna also was knocked out of the unbeaten ranks as another New York state team, Alfred, defeated the Crusaders, 18-16. It snapped a 14-game Susquehanna winning streak. Susquehanna is now 6-1.

The only unbeaten teams in the state are Villanova, Franklin & Marshall and Westminster, the top small college defensive team in the nation.

STH WIN FOR F & M
Villanova got two touchdown performances from Dave Connel and Joe Santamuro to defeat Xavier 31-13 for its sixth straight.

Two final period touchdowns, a 2-yard run by Seiki Muro and a 56-yard scamper with a pass interception by John Freese gave F&M its fifth victory, 14-6, over Haverford.

Westminster trounced Glenville, W.Va., State, 26-0.

OTHER ACTION
In other state action: Bloomsburg defeated Kutztown, 20-13; West Chester blanked Mansfield, 20-0; Clarion tripped Shippensburg, 13-7; 1-2-3 Haven beat Slippery Rock, 27-19; Millersville and Cheyney tied at 26-26; Michigan Tech defeated Edinboro, 8-7; Thiel edged John Carroll, 27-25.

Allegheny nudged Washington and Jefferson, 7-6; Dennison whipped Carnegie Tech, 27-7; Geneva beat Grove City, 33-17; Penn State beat Maryland, 21-3; Colgate trounced Lehigh, 41-0; Drexel whipped PMC, 34-10; Muhlenberg beat Upsala, 26-12; Hobart tripped Ursinus, 8-6; Albright blanked Moravian, 40-0; Juniata rolled over Wilkes, 51-0; and West-ru Maryland edged Lycoming, 17-14.

A hospital spokesman said Hutchinson was "conscious but dense . . . he can answer questions, but that's about all."

BISONS DUMP QUEBEC ACES
By THE ASSOCIATED PRESS
Well, the Quebec Aces turned out to be human after all. The rest of the American Hockey League had begun to wonder as the Aces rattled off 11 victories in their first 10 games this season. Sunday night, the law of averages and the Buffalo Bisons caught up with them.

Billy Dea's third period goal beat the Aces 4-3 but Quebec's streak didn't end without a struggle.

Buffalo jumped out to a 2-0 lead on goals by Hank Ciesla and Ian Cushman but Quebec tied it in the second period with Wayne Hicks and Red Berenson scoring. Jerry Melnyk put the Bisons ahead in final two minutes of the middle session but Cleland Morton's goal tied it again at 15 seconds of the third. Dea's score finally won it.

The defeat left the Aces one short of the AHL's consecutive victory mark of 11 set by Cleveland in 1943-44.

In other games, Springfield edged Cleveland 4-3 in overtime, Hershey downed Providence 5-3 and Rochester whipped Baltimore 5-2.

In Saturday night's action, Quebec rocked Cleveland 6-2, Buffalo downed Hershey 5-3, Rochester edged Pittsburgh 4-3 and Springfield took Providence 6-5 in overtime.

KELSO IS NOW RICHEST HORSE

By THE ASSOCIATED PRESS
Kelso bounced back into the thick of contention for Horse-of-the-Year honors by becoming the world's richest horse last Saturday. The gallant 7-year-old gelding, considered by some early in the season to have passed his peak, became No. 1 on the money-winning list by romping home first in the Jockey Club Gold Cup at Aqueduct.

This upped the earnings of the pride of Mrs. Richard duPont's Bohemia Stable to \$1,803,362 compared to \$1,749,869 for the retired Round Table. His next meeting with Gun Bow in the Washington, D.C., International at Laurel Nov. 11 most likely will decide Horse-of-the-Year honors. Kelso has been Horse of the Year the last four seasons, but has yet to win the International.

In winning the Gold Cup for the fifth straight time Kelso finished 5 1/4 lengths ahead of Roman Brother and set an American record of 3:19 1/5 for the two-mile route.

BOMBAY, India (AP) — Premier Lal Bahadur Shastri of India says he'll attend the International Eucharist Congress in Bombay despite the mounting objections of orthodox Hindus.

Pope Paul VI of the Roman Catholic Church is scheduled to attend the congress, which begins Nov. 28.

Hutchinson was "conscious but dense . . . he can answer questions, but that's about all."

Gave Poison Pills To Halloweeners

GREENLAWN, N.Y. (AP) — A 47-year-old mother has been committed for psychiatric observation after allegedly handing out ant poison pellets to Halloween trick-or-treaters.

Helen Pfeil, Long Island housewife and mother of two teen-age sons and a married daughter, was arrested Saturday after a parent spotted the pellets in a candy bag his youngster brought home.

Mrs. Pfeil, charged with endangering the health of a minor, was ordered committed Sunday to Central Islip State Hospital by District Judge Victor J. Orgera.

Police said Mrs. Pfeil told them she gave out a dozen pellets as a prank. Suffolk County police continued to alert parents in the area, although 12 pellets were recovered.

Lawyer's Dream Nearly Came True
SAN FRANCISCO (AP) — San Francisco lawyer Jake Ehrlich was summoned for jury duty last week.

"I've always wanted to serve on a jury," he wrote the jury commissioner, Bill Lowry, "especially in a case I am trying."

Presumably, Ehrlich was excused.

LOS ANGELES (AP) — Norman Thomas, six times the Socialist party candidate for president, says he's going "part of the way with LBJ."

"I have reservations about the candidacy of President Johnson, but I feel we've got to lick Goldwater," Thomas said in a speech Sunday night.

U.S. Air Base

(Continued From Page 1)
Large Red forces operate in the general area of all three despite repeated government operations against them.

"Air bases can't move and the Viet Cong literally can come in and survey the base from mortar position and drive marking stakes," an American artillery officer said.

ERRATIC PATROL
Defenses around the bases are in the hands of Vietnamese forces, not Americans.

Patrolling is sometimes erratic and Viet Cong infiltration to within a few hundred yards of the base perimeter is not considered difficult.

Vietnamese artillery opened up on suspected Viet Cong positions but the gunners fired by guess work. The Viet Cong apparently escaped unscathed, eluding three battalions that were sent out at dawn.

"Until we control the countryside we may as well resign ourselves to this sort of thing," an artillery officer said.

DEMOCRATS SEE VICTORY IN PA.; GOP HOPES HIGH

By H. C. NASH
Associated Press Writer

HARRISBURG (AP) — Poll-propelled Democrats and Senate-sure Republicans issued their traditional 11th-hour election predictions over the weekend.

Democratic State Chairman Otis B. Morse, spirited by innumerable national and local polls favorable to the cause of President Johnson, foresaw victory for the "entire" Democratic ticket, national and state.

Craig Truax, Morse's counterpart, hedged his prediction. He said the presidential election will be "very close" in Pennsylvania, with GOP aspirant Barry prising strength in southwestern counties.

SEES SCOTT WIN

Truax predicted that incumbent Republican Sen. Hugh Scott would defeat Democrat Genevieve Blatt in their often bitterly contested race for the U.S. Senate.

A record number of voters, 5,728,359 — 2,884,396 Democrats and 2,759,565 Republicans — are eligible to vote Tuesday. The polls will be open from 7 a.m. to 8 p.m.

At stake are the state's 29 presidential electoral votes; a U.S. Senate seat; the offices of state treasurer and auditor general; two judgeships on the state Superior Court; 27 Congressional seats, 209 seats in the state House of Representatives.

Bury Mrs. Hoover Beside Husband

WEST BRANCH, Iowa (AP) — The body of Mrs. Herbert Hoover was buried beside that of her husband in a brief ceremony Sunday.

About 80,000 persons were present a week earlier for the burial of the former president. At the family's request, details of the transfer of Mrs. Hoover's body from Stanford, Calif., to its resting place overlooking Hoover's birthplace here were not announced.

The Rev. Thomas Helm of Grace Episcopal Church in Cedar Rapids conducted the interment service. The group present included the couple's two sons, Herbert Jr., and Allen.

and 27 in the Senate—25 for regular four-year terms, two to fill unexpired terms.

POLL RESULTS CITED

Polls and surveys point to a considerable margin for President Johnson and his Democratic running-mate, Sen. Hubert Humphrey.

The more adventurous of Democratic regulars are talking in terms of up to a million-vote plurality for the Democratic national ticket.

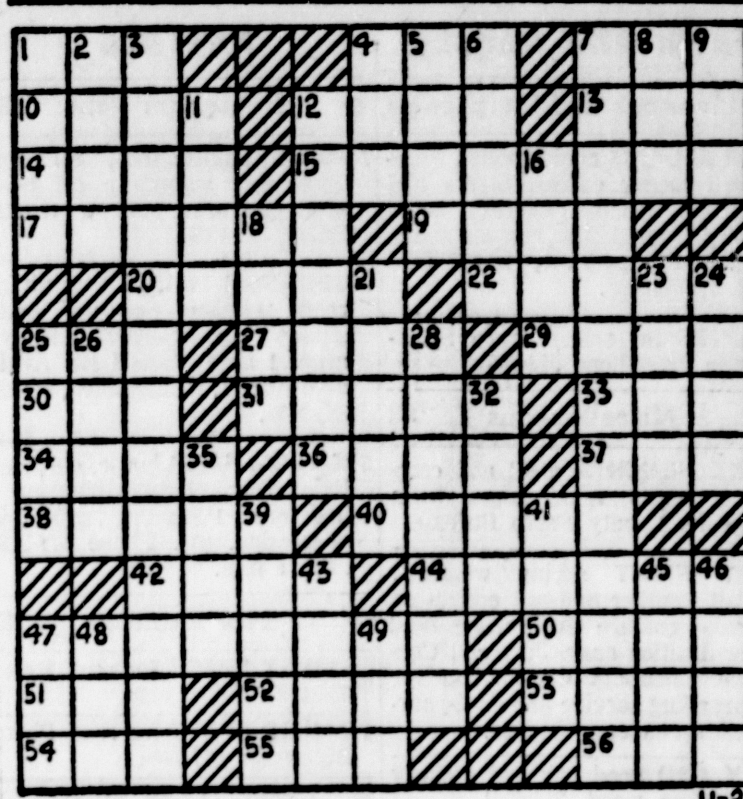

Morse in his weekend statement said that "Pennsylvanians as most Americans, are troubled by Mr. Goldwater's blustering approach to foreign policy, by his endless inconsistencies on domestic problems and by his lack of careful judgment which the Presidency requires."

Truax, while holding that the Goldwater-Miller team had a chance for the Commonwealth's 29 electoral votes (down three since 1960 because of reapportionment), expressed much wider optimism in the senatorial contest.

There are 3,573,000 miles of roads and streets in the United States. Rural mileage is 3,127,000 and urban road and streets are another 446,000.

Dog With Artificial Heart Valve Dies

FORT WASHINGTON, Pa. (AP) — Waggy, the dog with an artificial heart valve, is dead.

The body of the two-year-old mongrel was found Sunday by its owner, Adair Rogers, in a wooded area behind his home. Rogers, an engineer and research associate at the University of Pennsylvania, had designed the heart valve.

He believed that if the dog had lived a year, the valve might have been used in operations on humans. Waggy underwent an operation for implantation of the valve May 19. Rogers surmised his pet died of natural causes.
